ANNOUNCEMENTS

COLONIAL THEATRE. Perils of the Sea, Mammoth Two-Reel Kalem Sea Story.

This feature drama at the Colonial today is one of extraordinary interest and abounds in thrilling situations, gorgeous scenery and startling incidents. In the course of the picture there occurs a remarkable shipwreck, which is the incident about which the plot revolves. The Vitagraph company presents today James Morrison and Dorothy Kelly in a strong story entitled Two Stepchildren, which relates of a young man who, inspired by another's helplessness, and by supreme effort brings happiness to both. Both stars in this production are exceedingly popular with the public and everyone will be glad to see them today in this pretty story of rural and city life. Other fine films for today are The Epidemic, a rollicking mirth-provoker by the Essanay cast, and The Burgiar Alarm, another snappy comedy.

Cure Ever Known

"Gets-It" the New Way, 2 Drops Do I To endure the pains and tortures caused by a little thing like a corn is ridiculous, simply because it is unnecessary. The new-plan corn cure.

"GETS-IT." is the first one ever known to remove corns without fail, without pain and without trouble. This is why it is the biggest-selling corn cure in existence today. It is now used oy millions, because it does away with sticky tage, with plasters and cotton rings that shift their position and press down onto the corn, with salves that "raw up" the toe, with "harnesses" that cause pressure and pain, with knives, razors and files, clawing and pulling at a corn.

"GETS-IT" is applied in two seconds. Two drops applied with the glass rod do the work. Pain goes, the corn shriyels, vanishes. Accept no, substitute. Try it on any corn, wart, callous or bunion tonight.

At its nearest point, it is 35 miles from the heart of Berlin, to the northeast, About 480 miles of its length are navigable for barges. Peronne's greatest misfortunes occurred during the stands in the town. Peronne's greatest misfortunes occurred during the Franco-German war, when it was invested and bombarded from December 23, 1879 to January 9, 1871, upon which date, on account of the sufferings of the civil population, among whom smallpox had broken out, it was compelled to capitulate. Its population approximates 5,000.

THE ALLIES.

Yoked in knowledge and remorse now we come to rest.

Laughing at old vanities that Time has turned to jest;

Pardoning old necessity no pardon can efface—

That undying sin we shared in Roen market place.

Now we watch the new years shape, wondering if they hold Fiercer lightnings in their hearts than we launched of old.

Now we have new voices rise, question, boast or gird.

As we raged (rememberest, thour) when our crowds were stirred.

Now we count new keels affoat, and new hosts on land.

Massed like ours (rememberest, thour) when our strokes were planned. We were schooled for dear life's sake to know each other's blade.

What can blood and iron make more than we have made?

We have learned by keenest use to know each other's mind, what shall blood and iron lose that we cannot bind?

We who swept each other's coast, sacked each other's home.
